

Welcome to the Sonoma Valley Muzzle Loaders. We are a group of men & women that celebrates the skills of surviving in the pre-1840's. We hold our monthly shoots, rendezvous and treks at a ranch west of Cloverdale. We shoot period-correct trade guns, rifles and pistols as well as practice hawk & knife throwing and flint and steel fire starting. We welcome all interested parties to join us at the spring rendezvous and fall trek. Be advised; shooting black powder firearms can be addictive.
